## EXPERIENCE

### Graduate Student Instructor (SI 501, SI 622)

University of Michigan School of Information  
Ann Arbor, MI // Sep 2017 - Present

Teach master's students qualitative UX research skills, including contextual inquiry, usability testing, heuristic evaluation, and survey design. Guide students through client-based projects and provide detailed feedback on research deliverables, including interview protocols, affinity walls, videos, and reports.

### Voice UI Design Intern

Nuance Communications  
New York, NY // May 2017 - Present

Design IVR applications and present design specifications to enterprise clients. Write and iterate on sample calls to demonstrate application's persona and style. Create call flows to identify front and back-end data with client API teams and demonstrate the system's functionality and intended user journeys. Support usability research by writing tasks, taking notes during participant sessions, and prepare usability reports for UI team.

### UX Designer

University of Michigan School of Music, Theater, and Dance  
Ann Arbor, MI // Jan - Dec 2017

Prototyped, implemented, and tested features for the Kinect-based Maestro Conducting System user interface to improve system's pedagogical value in conducting courses. Led semi-structured interviews, moderated usability tests, wrote surveys, and analyzed qualitative and quantitative results during both the discovery and validation stages of product development. Presented and defended research and design in quarterly U-M faculty panels.

### Lecturer of English

Chulalongkorn University  
Bangkok, Thailand // Oct 2013 - Aug 2015

Instructed undergraduate English skills courses in academic writing, business correspondence, and critical analysis. Managed four instructors of Academic Report Writing course and led weekly meetings to ensure consistent lesson planning and assessment.
